

## Success Stories

### From Spreadsheets to Integrated Platforms

#### Critical Business Challenge

An organization was running a Commercial P&C business essentially with spreadsheets and manual processing. Due to growth, there was an urgent need to move to an integrated platform. Quess GTS was able to fully transition the business in less than 120 days.

**Grew to \$610M  
in force**

---

#### Partnership

Our client is a leading global Property and Casualty [P&C] insurance company with a diverse product line, including aviation, construction, environmental, fine art, health, professional, marine, personal accident, and specialty casualty.

Quess GTS built all foundational GRC, Security, Infrastructure and IT Ops to get the business off the ground.

---
